An immersive exhibition space where the walls and ceiling are covered in a large-scale projection of J.M.W. Turner's painting 'Rain, Steam, and Great Railway Bridge' over a reproduction of Vincent van Gogh's 'The Starry Night'. The scene is dimly lit, with the primary light source being the vibrant blue and yellow colors of the artwork. In the foreground, several people are seated in modern, dark-colored lounge chairs, their backs to the camera as they gaze at the wall. The overall atmosphere is one of quiet contemplation and artistic immersion.
